HB 1659 by Representatives Talcott, Tokuda, Boldt, Pflug, Carrell, Veloria, Jackley, Anderson, Mitchell, Casada, Miloscia, Edwards, Lantz, Conway, Morell, Santos, Bush, Hurst and Dunn

Establishing a pilot project to provide community-based services through a public-private based partnership for persons with developmental disabilities.

Declares an intent of the legislature to authorize the secretary of social and health services to develop and coordinate a pilot project to expand service options and

support services to persons with developmental disabilities and to serve as a model of private and public funding coming together to offer unique options to families who desire to be equal partners in developing support for their family members.

Directs the secretary of social and health services to develop and coordinate a pilot project under which the department contracts with an agency provider to administer necessary support and services, including residential placement, for twenty eligible persons with developmental disabilities. In addition, the department shall cooperate with a private nonprofit community organization which provides additional support services to augment contracted services to make sure each individual's needs are met.

Directs the department to evaluate the pilot project and make an initial report of its findings and conclusions to the legislature by December 1, 2002, and a final report by December 1, 2003.

Appropriates the sum of seven hundred fifty thousand dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2002, from the general fund to the department of social and health services to establish a pilot project as provided in this act in Region V.

Appropriates the sum of nine hundred eighty thousand dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2003, from the general fund to the department of social and health services to establish a pilot project as provided in this act in Region V.

-- 2001 REGULAR SESSION --

Jan 31 First reading, referred to Transportation.

HB 1667 by Representatives Fisher, Mitchell and Poulsen; by request of The Blue Ribbon Commission on Transportation

Establishing regional transportation governance.

Finds that many transportation decisions are best made at the regional level, where transportation problems are most paramount. While the numerous local agencies entrusted with planning, building, and maintaining our transportation infrastructure and providing transportation services have each done their part to improve mobility, an overall approach to better coordinate and fund regional

investments and services would provide better services and more cost-effective transportation solutions.

Finds that the consolidation of the process for planning and prioritizing transportation projects will result in the identification and selection of projects and services that will result in the greatest relief for traffic congestion, faster delivery times for transportation efforts, and reduced costs for transportation infrastructure and services.

-- 2001 REGULAR SESSION --

Jan 31 First reading, referred to Transportation.

HB 1668 by Representatives Fisher, Mitchell and Poulsen; by request of The Blue Ribbon Commission on Transportation

Maintaining and preserving transportation facilities and assets.

Finds that roads, streets, bridges, and highways in the state represent public assets worth over one hundred billion dollars. These investments require regular maintenance and preservation, or rehabilitation, to provide cost-effective transportation services. Many of these facilities are in poor condition.

Declares that, given the magnitude of public investment and the importance of safe, reliable roadways to the motoring public, the legislature intends to create stronger accountability to ensure that cost-effective maintenance and preservation is provided for these transportation facilities.

Jan 31 First reading, referred to Transportation.

HB 1671 by Representatives Fisher, Mitchell and Poulsen; by request of The Blue Ribbon Commission on Transportation

Clarifying responsibility for highway trenching.

Provides that, in order to minimize the disruption to traffic and damage to the roadway, the department is encouraged to develop a joint trenching policy with other affected jurisdictions so that all companies wishing to lay cable or who otherwise require access to ground under the roadway may do so at one time.

Provides that a person constructing or operating such a utility on a state highway is also liable to the state for all necessary expenses incurred in inspecting the construction and the pavement restoration process used in restoring the highway to a permanent suitable condition for travel. Franchise holders are also financially responsible to the department for trenching work not completed within the contractual period and for compensating for the loss of useful pavement life caused by trenching.

-- 2001 REGULAR SESSION --

Jan 31 First reading, referred to Transportation.

HB 1674 by Representatives Fisher, Mitchell and Poulsen; by request of The Blue Ribbon Commission on Transportation

Authorizing congestion relief districts.

Finds that portions of Washington's transportation system are choked with traffic congestion. Local jurisdictions should be provided tools to effectively manage local congestion. One such tool is the creation of congestion relief districts that could use locally imposed taxes or user fees to fund congestion choke points, new capacity, or technology solutions.

HB 1686 by Representatives Fisher, Mitchell and Poulsen; by request of The Blue Ribbon Commission on Transportation

Allocating new transportation revenues.

Finds that it is in the public interest to ensure an equitable allocation of new transportation revenues among regions of the state. It is further in the public interest to ensure that each area of the state: (1) Has sufficient funds to ensure adequate preservation, safety, and maintenance of existing facilities and services; (2) is assured of receiving back a minimum proportion of revenue that it contributes to overall state transportation revenue collections; and (3) retains all funds generated from locally imposed revenue sources.

Directs the secretary of state to submit this act to the people for their adoption and ratification, or rejection, at the next general election to be held in this state, in accordance with Article II, section 1 of the state Constitution and the laws adopted to facilitate its operation. SB 5713 by Senators Honeyford, Rasmussen, Hale, Morton, T. Sheldon, McDonald, Swecker, Hochstatter, Sheahan, Deccio, Hewitt, Parlette and Stevens

Changing provisions relating to seasonal or temporary transfer or changes by water users.

Provides that a person may change the place of use of a water right without the requirement of approval under RCW 90.03.390 where the water is used on land contiguous to the place of use of the water right, the land is owned or leased by the holder of the water right, and the total amount of land to which the water is applied is not increased. Before making the change, the water right holder shall notify the department of the change and describe the land subject to the change in place of use.

Does not apply to the use of water within an irrigation district or to changes in use that increase the total amount of acreage irrigated under a water right.

Declares that RCW 90.03.380 shall not be construed to prevent construction of emergency interties between public water systems to permit exchange of water during short-term emergency situations, or rotation in the use of water for bringing about a more economical use of the available supply, however, the department of health in consultation with the department of ecology shall adopt rules or develop written guidelines setting forth standards for determining when a short-term emergency exists and the circumstances in which emergency interties are permitted. The rules or guidelines shall be consistent with the procedures established in RCW 43.83B.400 through 43.83B.420.

SB 5716 by Senators Eide, Swecker, Fraser, Kline, Jacobsen, Winsley and Kohl-Welles

Providing guidelines for recycling and waste reduction.

Directs the department of general administration to work with commercial and industrial construction industry organizations and recycle and refuse haulers to develop guidelines for implementing on-site construction waste management planning. The topics addressed in the guidelines shall include, but shall not be limited to: (1) Standards for identifying the type of wastes generated during construction;

(2) Methods for analyzing the availability and cost-effectiveness of recycling services for each type of waste;

(3) Methods for evaluating construction waste management alternatives given limited recycling services in rural areas of the state;

(4) Strategies to maximize reuse and recycling of wastes and minimize landfill disposal;

(5) Standardized formats for on-site construction waste management planning and reporting documents; and

(6) A training and technical assistance plan for public and private building owners and construction industry members, in order to facilitate incorporation of waste management planning and recycling into standard construction industry practice.

SB 5717 by Senators Brown, T. Sheldon, Fraser, Regala, Kline, Franklin, Winsley, Kohl-Welles, Shin, McAuliffe, Spanel, Costa and B. Sheldon

Funding the low-income energy assistance program.

Finds that: (1) The state is experiencing dramatic increases in the costs of electricity and natural gas, with increases averaging between thirty and seventy percent, as a result of many factors out of the state's direct control.

(2) These unprecedented price increases have a disproportionate impact on the low-income citizens of the state because energy costs comprise a larger percentage of their available resources than families with moderate and higher incomes and approximately seventy-five percent of low-income homes use electric heat.

(3) Every year, the state's low-income energy assistance program exhausts its resources before the end of the heating season. Typically, only seventeen percent of the eligible population is served in an average year.

(4) Requests for assistance are expected to increase by over forty percent this winter, and the amount of heating assistance each household will need will also rise.

(5) While the state has received emergency allocations from the federal government, the combined circumstances of increased need for help and the increased cost of energy make it likely that, even with the emergency federal assistance, fewer citizens will be served.

Declares an intent to provide immediate assistance to help mitigate the adverse consequences of this winter's rate increases on Washington's low-income citizens.

Appropriates the sum of two million dollars, or as much thereof as may be necessary, from the general fund to the department of community, trade, and economic

development for the fiscal year ending June 30, 2001, for the low-income home energy assistance program.

SB 5720 by Senators Carlson, West, T. Sheldon, Sheahan, Hewitt, B. Sheldon, Stevens, Winsley and McAuliffe

Promoting community revitalization.

Declares that it is the purpose of this act:

(1) To encourage taxing districts to cooperate in the allocation of future tax revenues that are used to finance public improvements designed to encourage private development in selected areas, in particular in those local governments that are located adjacent to another state or international border;

(2) To assist those local governments that have a competitive disadvantage in its ability to attract business, private investment, or commercial development due to its location near a state or international border; and

(3) To prevent or arrest the decay of selected areas due to the inability of existing financial methods to provide

needed public improvements, and to encourage private investment designed to promote and facilitate the orderly redevelopment of selected areas.
